Vaccinations for Infants, Children, Preteens, Teens, and Adults

These documents reflect current ACIP recommendations.

Download, copy, and hand out the entire series widely!

Vaccinations for Adults
You’re never too old to get immunized!

Getting immunized is a lifelong, life-protecting job. Don’t leave your healthcare provider’s office without making sure you’ve had all the vaccinations you need.

Vaccinations for Preteens and Teens, Age 11–19 Years

Getting immunized is a lifelong, life-protecting job. Make sure you and your healthcare provider keep your immunizations up to date. Check to be sure you’ve had all the vaccinations you need.

Vaccinations for Infants, Children, Preteens, Teens, and Adults

If you still aren’t choosing to travel outside the United States, for example, you may need additional vaccines before you travel. Consult your healthcare provider or go to wwwnc.cdc.gov/travel/destinations/list, or call 800-INF (4636) for more information.
