

“Recommended Adult Immunization Schedule – United States, 2018,” was approved by the Centers for Disease Control and Prevention’s (CDC) Advisory Committee on Immunization Practices, the American Academy of Family Physicians, the American College of Physicians, the American College of Obstetricians and Gynecologists, and the American College of Nurse-Midwives.

The Immunization Action Coalition’s “Guide to Contraindications and Precautions to Commonly Used Vaccines in Adults” was technically reviewed by CDC.

The Immunization Action Coalition slightly modified the format of these materials in order to create this laminated version of the adult immunization schedule.
